Health

Health is a top priority for all students studying abroad. We provide resources to help you stay healthy and safe while abroad. This page includes information on vaccinations, first aid, and disability resources.

Vaccinations and Checkups

Before traveling, it's important to get up-to-date on your vaccinations. We provide a list of recommended vaccines and information on where to get them. We also offer travel health consultations to help you prepare for your trip.

First Aid

We provide first aid kits and information on how to use them. We also offer first aid training for students. If you have any questions or need help, please contact us.

Disability Resource Information

We provide resources to help students with disabilities study abroad. This includes information on accommodations, support services, and how to request accommodations. We also offer a list of disability resources in the host country.
